

## October Update

Date for your Diary: Fundraising Film Night, Wednesday November 16<sup>th</sup>, Picton Cinema presents “**Cave of Forgotten Dreams**”. This is a tremendous documentary, described as something *completely different*, an exploration of never-before-seen art in caves in France. **Bookings essential**, phone Picton Cinema 573-6030. Save the Date – and look for a Kaipupu film announcement with more details in your inbox soon.

Used Root Trainers Needed! We are looking for used root trainer cards for local children to use when they grow native seedlings for our revegetation projects. Root trainer cards are plastic folders used to grow plants from seedling size up till they are ready to plant outside.

The picture shows Picton school children with a tray of flax seedlings that they have transferred to root trainers. When they are large enough the plants will be planted out on Kaipupu Point Wildlife Sanctuary.

If you have used root trainer cards and can donate them to our project please contact Andrew John at: 03 573 5509 or [celtsh@clear.net.nz](mailto:celtsh@clear.net.nz)

Can anyone guess where this jetty is being built?

**Yes!** If you guessed Dolphin Bay on Kaipupu Point you would be spot on! The last 2 Saturdays have seen volunteers out in Dolphin Bay with **Kenny Barging** driving the piles in. Kenny Barging has given us a huge and generous donation in this construction phase of the Kaipupu Sanctuary jetty, and we are very grateful for this gift. This is the first step - look out for next month's newsletter for the full story and pictures!
